

NCSA Athletic Recruiting Recruiting Management System

Overview:

About NCSA:

Through trusted relationships, NCSA has grown into the Athletic Recruiting Network linking the four communities: College Coaches, Qualified Student- Athletes and their parents, Club Coaches and the Professional Community. NCSA is the leading provider of college recruiting technology, data and education for more than 35,000 college coaches and over 200,000 of the nation's top prospects. Some of our partners are: IMG Academies, NFL Players Association, and Cal South to name a few.

About Recruiting Management System (RMS):

The RMS is a customized recruiting solution for coaches and players. Players will have access to recruiting education and a customized recruiting management system to help navigate the recruiting process. Along with college coaches having their own RMS, NCSA will provide club coaches with a RMS that will allow them to organize and track their players progress, email college coaches, and email their rosters.

RMS Description:

Recruiting Profile	
Personalized Webpage	Athlete may use the online webpage site as they choose. It can be emailed or printed.
Unlimited Updates	Update the profile anytime through the Recruiting Management System
College Coach Viewership Report	This is where the student athletes can see which college coaches have viewed their profile and information.
Co-Branded Recruiting Management System	
Recruiting To-Do List	The Recruiting To-Do List is an online task list created to guide athletes through the recruiting process. It includes a full recruiting curriculum tailored to your sport and graduation year. Following the To-Do List will ensure athletes are completing the necessary steps in the recruiting process as they come up, such as registering with the NCAA Eligibility Center.

Recruiting Board	This is a recruiting journal to use through recruiting process. It allows athletes to manage all correspondence (emails, letters, phone calls, etc.) with college coaches. In addition, they will be able to rank top college choices. This tool will help an athlete make decisions about where each school should be ranked on their list based on their level of communication with them. They will be able to identify those that seem more or less interested in them, which should be moved up or down, and which they need to have further communication with.
Interactive College Search Map	This user friendly search tool helps athletes find schools that are a good match. Athletes can search for schools based on sport, desired states, division levels, enrollment, tuition etc. A detailed report for each college including the school's website, academic information, coach's notes and coach contact information is also available. If athletes are qualified for the school athletically and academically, they may also email the coach using this tool.
College Coach Requests	These are posts on the NCSA site made by college coaches about a particular recruiting need. Think of this section as a "help wanted" site for college coaches. These are also available on the detail page of college search map.
Access to Ala Carte purchases	All players will have access to Video editing, College Coach Distributions, Individual Coaching, or Premium NCSA services through an online shopping cart.
Video	
Ability to Add Video Links	Athletes will have the ability to add in a link to online video to their Recruiting Profile.
College Coach Matching	
Accessible through College Coach Database	All college coaches have free access to NCSA's network where club athletes will be available to view.
Access to Email College Coaches	Athletes will have the ability to email any college coaches they qualify for athletically and academically through the College Search Map or Recruiting Board.
Coaching and Guidance	

24/7 Customer Support for Club Staff	Club employees and staff will have a Recruiting Coach available to answer any questions that arise and give advice and guidance on the recruiting process.
Monthly Recruiting Classes	NCSA will offer a Monthly Recruiting Class to all club athletes. Recruiting Classes will be held via conference call and cover topics like coach communications, financial aid and how to leverage your strengths towards obtaining more scholarship money. Schedule is available in the RMS.
Club Coach RMS	
	Ability to View Each Athletes Progress Email College Coaches Ability to Rate Athletes Ability to Email Roster
Website Content	
Access to Secure Profiles	NCSA will provide secured profile links to be displayed on the club website. Secured profiles will not include personal information such as transcripts or contact information.
Monthly Recruiting Classes	<p>NCSA will offer a Monthly Recruiting Class to all Club/Organization athletes. Recruiting Classes will be held via conference call or webinar and cover topics like coach communications, financial aid and how to leverage your strengths towards obtaining more scholarship money. Specific topics can also be chosen by the club/organization.</p> <p>Classes are recorded and stored in our recruiting library.</p>
